“GET STARTED & GET TOGETHER”

DISCUSSION QUESTIONS

1

Have you ever struggled with blaming, judging, comparing, or feeling too tired, that it distracted you from starting or completing an important task?

2

What is a way at work, at school, in your home, or in a relationship, that can get you started this week to rebuild or repair something that’s in front of you?

3

What can we accomplish together in our communities if 100% of us rebuilt and repaired what’s in front of us? What kind of world would that be?
