

“PRAYER PART 1”

DISCUSSION QUESTIONS

1

When did you first learn how to pray? Who taught you how to pray?

2

Have you ever been asked to pray out loud for a group of people, or for someone other than your family? What was that experience like? If you have never prayed out loud for someone else, how do you think you would react if someone “volun-told” you to do so? Is there anything that would inhibit you from meeting that request?

3

Briefly describe your prayer practice. For example, if you learned how to pray as a child, how has your prayer practice changed? Or, what is the focus of your prayer? Do you pray classic prayers like the Lord’s Prayer or do you go freestyle?

4

How do you think prayer shapes you, your relationship with God, and with others?
